Elizabeth	F1	Elizabeth gets star of the week this week for demonstrating fantastic independence and teamwork in the setting. She always tries hard to do things for herself and is always sure to play nicely with her friends, caring for them and helping them when they need it. Well done Elizabeth.								 Independence	 Teamwork
Ashar	FS2 FP	Ashar has shown great determination to learn his letter sounds this week. He tried really hard during our phonics session and has been starting to hear the initial sound in words. During learning zone, he was playing with some letters in the water tray and practised saying them with a friend. Well done Ashar!								 Perseverance	
Aadhya	FS2 PS	Throughout the school day Aadhya is always showing that she is a team player. She always involves other children in her play and is such great help during tidy up time. Well done Aadhya.								 Teamwork	
Charvik	Yr 1	Chavik has shown great creativity in his writing this week. Both his hot and his cold task was neat with capital letters, full stops and finger spaces but also very interesting to read with lots of adjectives in! Great writing keep it up!								 Creativity	
Rees	Yr 1 1R	Rees has shown great creativity in maths this week when looking at number bonds. He made links with other learning and was able to spot a pattern in his work. Well done and keep up the good work.								 Curiosity	 Creativity
Ruby-Mai	Yr 2 2A	All the adults have been blown away by Ruby-Mai this week. She has been a shining light in the class for her amazing perseverance in maths and reading. She has worked incredibly hard to improve her fluency when reading aloud and has made some fantastic progress with her maths explanations. Plus she has been much more independent in English – she has needed very little support, yet she has produced excellent pieces of non-fiction writing about The Great Fire of London. Congratulations Ruby-Mai!								 Perseverance	 Independence
Ceira	Yr 2 2W	Ceira has made such a positive start to the year and she has already shown great diligence and a 'can do' attitude. This is reflected in her writing and the effort that she is putting into her Maths interventions. Whilst she still finds some mathematical concepts tricky, she tries her best and Mrs Butler always comments on her amazing perseverance. We are so proud of you, Ceira!								 Perseverance	
Anastasia	Yr 3 3W	Anastasia shows great <u>independence</u> in all of her academic work. Although she missed the first session when writing up our traditional story, she has been great at using her initiative and carrying on independently to still produce some brilliant writing. She also showed great <u>teamwork</u> when helping Miss Whight set up for her PE circuits' lesson.								 Independence	 Teamwork
Nare	Yr 3 3A	This week Nare spotted that another member of the class, who is only beginning to learn English, was struggling to understand how to complete their spellings learning. She moved to sit next to the other child and calmly showed them what they needed to do. Mr. Allaway was very impressed with the commitment Nare showed to ensuring her classmates could access the learning.								 Teamwork	
Sawera	Yr 4 4P	Sawera has been working so hard in maths and using the Success criteria and modelled answers to produce some excellent reasoning work that wouldn't look out of place in a Y6 maths book!								 Independence	
Emily	Yr 5 5M	This week's star of the week goes to Emily for having excellent teamwork. She has worked so well with her talk partner, helping them when they are stuck and making sure they understand what they are doing. At every opportunity she has been kind, caring and enthusiastic, making sure everyone feels involved and can achieve!								 Teamwork	
Marta	Yr 6 6R	Marta has really impressed me with the amount of books she has read this term. She is becoming a regular bookworm: always with her nose in a book and asking to complete quizzes almost every day.								 Perseverance
