Lates	0	1	3	2	4	5	1	2	6	4	4
Izna	F1	Izna has been showing fantastic perseverance in so many aspects of her learning this week. She has particularly been keen to persevere with her cutting in the junk modelling area. It's lovely to see her trying so hard and challenging herself! Well done Izna!								 Perseverance	
Sairah	F2 PS	Sairah is really enjoying our topic sessions at the moment. This week she thought hard about the question, 'How could we travel to the moon?' After listening to the story 'Whatever Next?' Sairah experimented with different ways of making a rocket.								 Curiosity  Creativity	
Julius	F2 FP	Julius is fascinated by our space topic. He was excited to recreate the moon landing using the small world characters. He asked questions to find out how astronauts get to the moon and how the rocket launches from the ground. Well done Julius!								 Curiosity	
Abigail	Yr 1 1R	Abi has shown great independence in her writing this week. She has tried hard to listen carefully when completing the class waggol and use the features discussed in her own story. Well done Abi and. Keep up the good work.								 Independence	
Omobayo	Yr 1 1S	Omobayo has a reflection award this week. We have focused on the learning behaviour reflection this week and talked about how we can reflect in school. Omobayo has taken all of this information on and applied it to his writing. He was able to look critically at what he needed to change in his work and as a result has written his best piece of work! Great Job and keep it up!								 Reflection	
Erica	Yr 2 2W	In 2W, we have been focusing on the fact that learning is not a 'spectator sport'. Erica has taken this to heart and become far more actively involved in our class discussions. It has been clear to see that she is reflecting on what she has learnt and making links across the curriculum to deepen her understanding. It has been wonderful to see her confidence continue to grow too. Keep it up, Erica!								 Reflection	
Nathan	Yr 2 2A	Nathan has been a shining light in maths this week. He has been incredibly independent with his multiplication and division problem solving by using his mental maths skills as well as the maths resources. He has reflected on using full sentences to explain his thinking and as a result, Nathan has reached the further extension stage twice this week. Keep it up!								 Independence  Reflection	
Sapphire	Yr 3 3W	Sapphire is working hard to improve her independence in lessons. She uses her initiative and is improving at recognising tenths as decimals. Keep up the good work!								 Independence	
Ammeris	Yr 3 3A	Ammeris has been working very hard over the last few weeks to improve the quality of her writing. She used all of the vocabulary and sentences that we created as a class to write an interesting character description, designed an informative poster about rats and wrote scientific sentences explaining how fish have adapted to their habitats. All the adults in the class are very proud of how much independent effort she is putting into improving the quality of her own work.								 Independence	
Eliot	Yr 4 4P	Eliot found dividing 2 and 3 digit numbers hard but he persevered and completely nailed his HOT task! Well done Eliot!								 Perseverance	
Lewis	Yr 5 5M	Star of the Week goes to Lewis this week for creativity. We have been working up to writing our own character descriptions as wanted posters this week and Lewis's descriptions BLEW ME AWAY.								 Creativity	
Shanae & Anthony	Yr 6 6R	Shanae for perseverance for amazing progress in maths. She got 75% in last week's test. Anthony for creativity for writing a most atmospheric description of The Blitz.								 Perseverance  Creativity
