Lates	0	1	1	0	2	2	0	2	3	1	1
Olivia	F1	Olivia gets star of the week this week for always choosing to be such a good friend. We have had lots of new children start in nursery and Olivia has done everything she can to make them feel welcome and help them. Today she even helped a friend find their welly boots and put them on. Well done Olivia!								 Teamwork	
Kaveer	F2 PS	We are so proud of Kaveer this week. He has been working hard in the mornings with Mrs Padhi and her 'Bucket Group.' As a result, we have seen a HUGE improvement in how Kaveer articulates his needs. Well done Kaveer, keep it up!								 Perseverance	
Anaya	F2 FP	Anaya has been working really hard to learn numbers to 10. She has spent lots of time working with an adult to help her read and write these numbers. In learning zone this week, she chose to write her numbers by herself. Well done Anaya.								 Independence Perseverance	
Anirudh	Yr 1 1R	Recently Anirudh has been trying really hard to ensure tasks are completed on time. He has been using self-help strategies to help when he has been unsure of what to do so that he can maximise his time.								 Independence Perseverance	
Max	Yr 1 1S	Max has a perseverance award. All the adults in year 1 agree that Max has made a massive change in his effort and mindset to learning. He has tried so much harder to produce amazing pieces of work and make sure he understands his learning. He has not given up even when asked to change a bit of his work or to try a harder task. We have all been so impressed and can't wait to see how this continues next week!								 Perseverance	
Hanaan	Yr 2 2W	Throughout the week, Hanaan has been involved in the most amazing displays of teamwork. From helping a classmate to tie his shoelaces, to making sure everyone has their medical pack and being a supportive talk partner, Hanaan has been a shining example of respect and compassion. Well done, Hanaan!								 Teamwork	
Ahmad	Yr 2 2A	Ahmad has been working hard towards becoming more independent. He has started to use Numicon to add and subtract without support, and has enjoyed finding fractions using fraction mats and counters. He had earned a gold card for his improved attitude in phonics and went on to story map The Gingerbread Man with very little help. Keep it up!								 Independence	
Rosalie	Yr 3 3W	Rosalie has written an imaginative setting description this week and has been very creative with her choice of vocabulary. I am looking forward to reading her hot write next week.								 Creativity	
Daniel	Yr 3 3A	This week Dan has been learning to identify equivalent fractions. Although he struggled at first to understand the concept, he persevered with the learning and has been able to move onto the think questions. The adults in 3A have been very impressed with Dan's attitude to his learning, never giving up, even when he was struggling.								 Perseverance	
Brooke	Yr 4 4P	Star of the week has to go to Phoebe who created some very creative noun chains in her Roman myth writing – keep it up Brooke!								 Creativity	
Aden	Yr 5 5M	This week's star of the week was voted for by Mrs Render and goes to Aden! This week we have been looking at speech and how we can integrate it with action. Aden came up with some brilliant action words to create his sentences independently!								 Independence	
Marta	Yr 6 6R	Marta has worked hard all week. If she has found something difficult, like when finding percentages of amounts, she has persevered until she understood. Great perseverance.								 Perseverance
