Parent FAQs - Please Read

Dear Parents / Carers,

Please find attached the Parent FAQs document.

I have taken each question in turn that was raised in the parent survey and provided an answer. Please note:

- Where there were duplications / similar themes, I obviously have answered them just once – this may mean I have slightly reworded a question to cover multiple points raised.
- If you don't see your specific question, it is because I think it has been answered somewhere else in the document.
- I have reworded some questions to anonymise the person asking the question, but still addressed the issue raised.

Please take the time to read in full - it is a long document, but it will be where we direct all parents initially if they have questions about our approach.

Documents that still need to be sent:

- Photographs of the school - I have taken a number of photographs around the building to give you an idea of what to expect for those returning on June 1st. Once this is complete, I will send it to you - I am hoping this will be tomorrow if all the classrooms are ready.
- Risk Assessment - This was approved by governors in a meeting last night and will be available on the website tomorrow. I will include the website link in my Friday communication.
- The Reopening Strategy with classroom and adult details for each bubble - I have a Zoom meeting with all school staff tomorrow at 9:00am. Once this has been shared with staff, I will send to parents. I am likely to send a pdf version of the presentation I share with school adults, so parents know exactly what has been communicated with school staff.

I realise there are a lot of emails and a huge amount of information that you are receiving, but hopefully it allows you to be as informed as possible about the school's approach. Thank you for your continued patience and understanding and thank you for all the #thankateacher messages that were sent yesterday - the staff loved them!

Best wishes,

Matt Hickey
