

Reading at home

Highwood has now subscribed to a new Reading website so that children can access a wide range of fiction and non-fiction books at home.

To access the website go to

www.myON.co.uk

Go to myON login (top right hand corner)

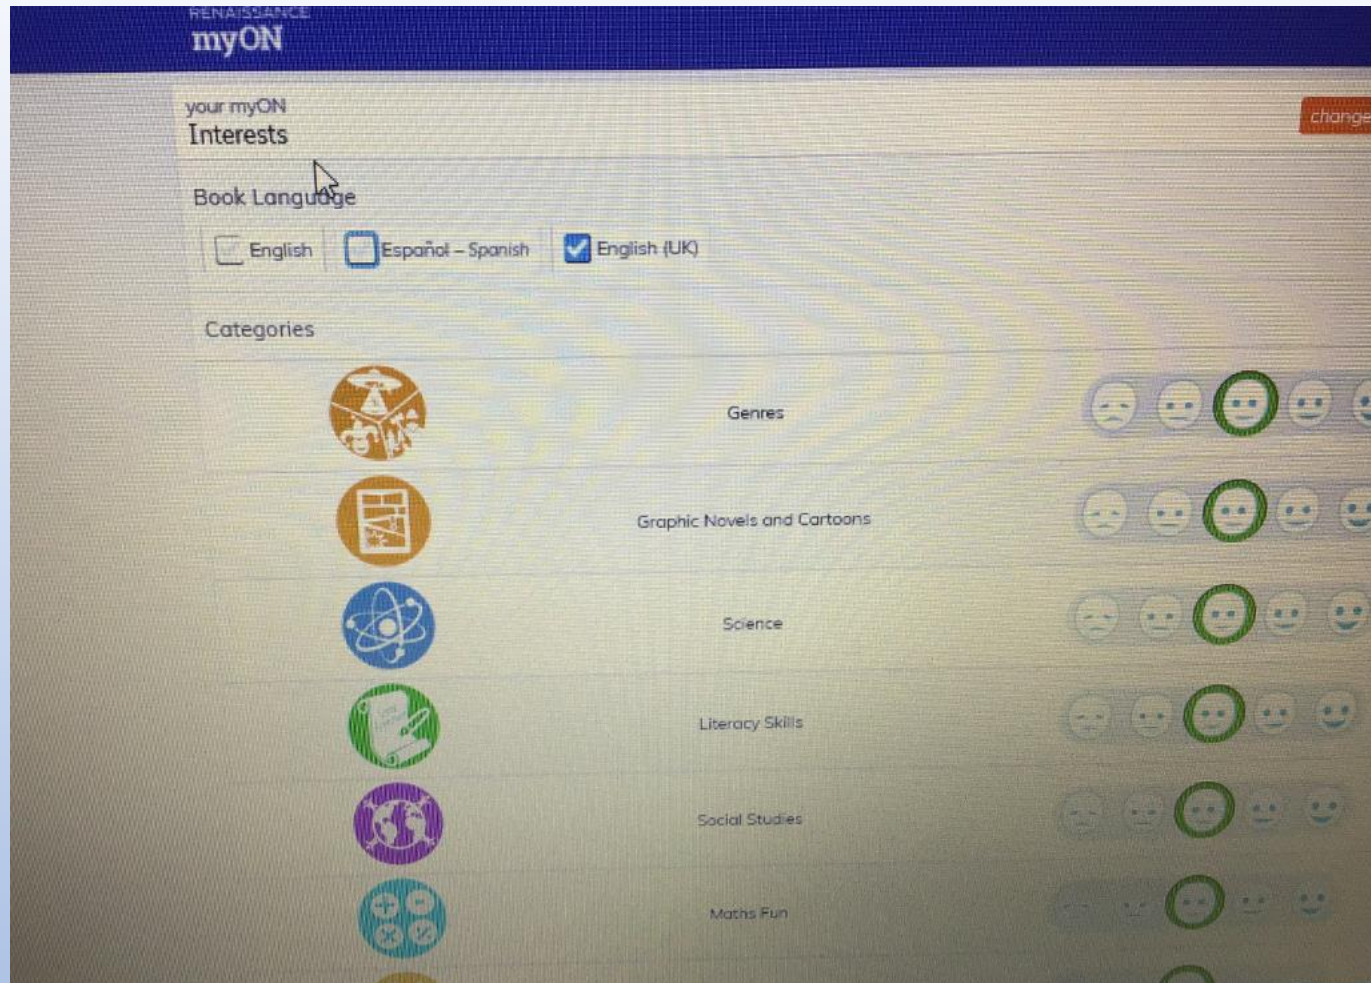

School: Highwood Primary school, Reading

Username: Child's Initial then Surname with a capital letter for the initial and first letter of the surname

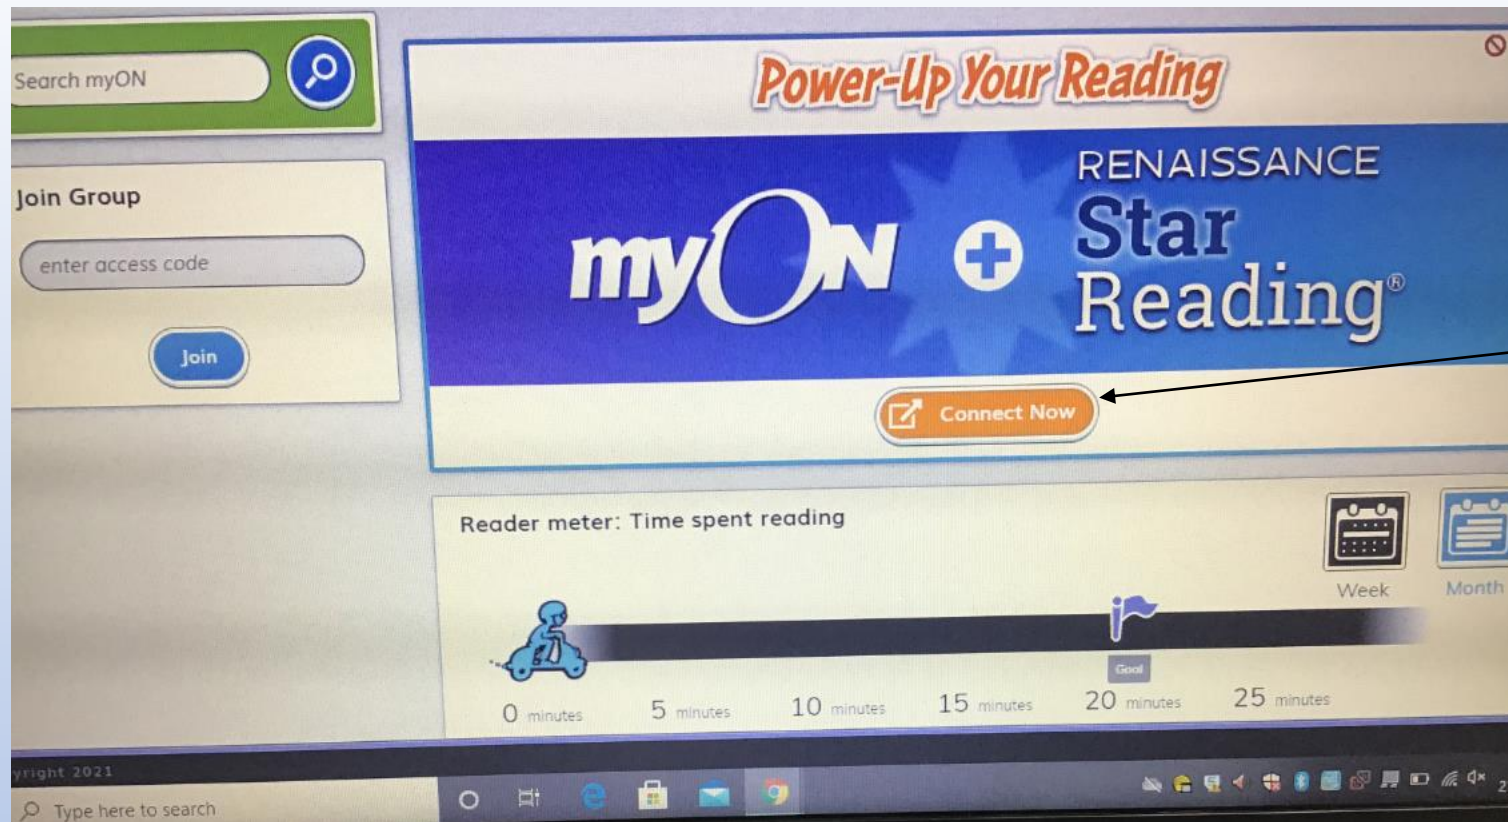

e.g. Clnwards

Password: abc

Note: There are a few children with the same username. Those parents will receive an email with their child's username.

You will see this screen. Unclick English and Spanish leaving just English (UK) then click save.

On the next screen, click 'Connect Now'.

You will now be asked to enter the child's accelerated reader username and password.

It will then say 'Authorization request'. Click 'Allow'.

This will connect your myON account to your accelerated reader account.

You will see some recommended reads which are based upon all of the books the children have completed a quiz on.

You can also go to 'Browse' to access thousands of other books which have been separated into genres.

Once you have chosen a book you can either read it yourself or click the audio button at the bottom so your child can listen to the story.
