Does my child have to choose the Sports or Creative Timetable in advance?

No, all children have a choice of activities on and throughout the day. They can chop and change as they wish and even try an activity and change their mind in the middle of it! We want them to enjoy their time and not be afraid to try new experiences with fear of being stuck with it!

Do I need to fill in a registration form every time?

No, the registration form is filed to keep for every visit and new holiday camp with Funtastic Kids. However, please update us with any changes to personal or medical information.
