Highwood Primary School Issue no.47

'Where Individuals Matter'

Dear Parents/Carers,

The past 12 months have undoubtedly been the most challenging time I have had in my role as a headteacher. Trying to keep the school's improvement journey on track, whilst dealing with the unknown of the Covid-19 pandemic has been hard - it has made me question myself and my decision making more than at any other time in my career.

What it has also encouraged me to do is to reflect on the ethos and culture I have tried to build at Highwood and in doing so, it has further convinced me that the focus we have on promoting our Learning Behaviours and Values through our curriculum is the right thing to do. We couldn't have been successful in overcoming the challenges we did this year without the behaviours they promote.

Reflection

Perseverance

Teamwork

Curiosity

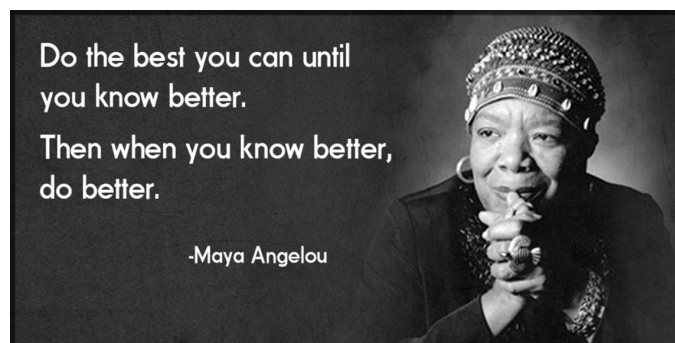

Creativity

Independence

This past 12 months have also required significant changes, many without the usual time period to fully plan for all eventualities. One thing that has also stuck with me is a quote that is on one of our classroom walls:

I think the quote embodies the planning and decision making process that I have undertaken and I thank you for all your support and understanding in what has been an extremely challenging time for us all.

To all our Year 6 families - it is a shame to end without our usual 'send off' - I wish you and your children well and hopefully you will keep in touch to let us know all about their successes in the future.

Have a great Summer!

Matt Hickey
Head Teacher

We've made it to the end of the school year! (Give yourselves a round of applause 🎉)

For the Governing Body, we have been continued with our virtual meetings for the Full Governing Body (FGB), committee and working groups. We've been focused on supporting the school with the impact of Covid (understanding curriculum adjustments across the school) and ensuring the wellbeing of the children and staff during this time. We've also done our 1st FGB survey to see what we need to stop, start and continue to do moving into 2021/22. All our minutes are available on the website, and the picture below is a brief summary of some items discussed.

- the whole school team – Highwood's amazing professionals have kept the school running and adapted quickly to the changing Covid situation.
- the parents – Thank you for keeping things going at home and especially dealing with the challenge of remote learning. From my own experience, I know it can be a struggle 😊
- all of Highwood's children - You are simply fantastic with how you've coped with everything. So enjoy the

Foundation 1 News

Miss Nunn

Mrs Alleyne, Mrs Vanka, Miss Mair, Mrs Bailey & Miss Finch

Welcome to our Foundation 1 News. We have had a great Summer Term in F1. We have continued our topic which is **'How are all animals different?'** and have been busy getting our older children ready for their move to Reception.

We had a special class guest this half term from Miss Nunn's tortoise, Hector. The children loved being able to handle him and help to look after him. All the children were confident to hold Hector and were fascinated to learn about what he eats and where he came from.

The children have continued participating in lots of animal based activities while learning about our topic such as making tiger biscuits, sticking and decorating the large snake, making animal masks and also our animal dress up day!

As the weather has been warming up the children have engaged in lots of water play to keep us cool, both indoors and out. We have explored water channelling, washing the babies, washing cars and making magic potions.

SPORTS DAY!

The F1 children participated in their first sports day in this half term and we all had a fantastic time. The children joined in with a sack race, an egg and spoon race and a running race. They all listened so well and showed really good teamwork skills by cheering each other on. All the children won a medal for their participation and all got to enjoy a nice refreshing ice lolly afterwards. Well done F1, you were amazing on your first sports day!

The F1 team would like to take the opportunity to wish farewell to our children that are leaving us to move to Reception either at Highwood or other schools. We will miss you all very much but we know you will continue to be amazing, wherever you are. We look forward to welcoming back our current F1 children who are staying with us and welcoming lots of new children into the setting. We hope you all have a great summer holidays!

Thank you to all the parents that have supported us during this half of term!

Don't forget to follow us on Twitter to see what we are up to each week! @HighwoodPrimFS1

Foundation stage 2 News

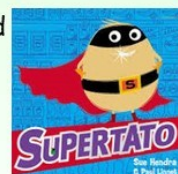

Mrs Perrott & Mrs Parker

Miss Rapley, Mrs Fitzgerald, Mrs Jones, Miss Quelch

Who are our local heroes?

Welcome to the Foundation Stage Newsletter for the second half of the summer term!

We have been looking at superheroes in stories, like 'Supertato' and 'Superworm'. The children were able to write the lovely story of 'Superworm' and then they enjoyed making their own Supertato comics.

We all had great fun on our super hero day, designing their own 'Super vegetable'. Everyone enjoyed the activities on offer, such as making masks, slushies and cake decorating!

In maths the children have loved all the practical challenges that they have engaged with. They made magic potions using ingredients like 'spider's legs' and 'bats blood'. The children have also enjoyed other problem solving activities, which has involved skills such as: weighing, estimating, measuring and representing number.

PE is always a highlight of the week! This half-term they have focussed on athletics and cricket skills. Mr Edwards has been so impressed with their effort and enthusiasm for these sports.

Thank you for your support this half term. The children have been absolutely brilliant and we are all very proud of them. We hope that you enjoy the summer holidays.

Year 1 News - Summer 1

Miss Schlaefli, Mrs Schofield and Mrs Garner

Mrs Kearney, Mrs Butler, Mrs Long, Mrs La Porte, Mrs Darekar

Which animal would you invite for tea?

Topic, Science and Geography

As part of our topic this term we have been learning about plants and trees. We identified different species on our visit to Highwood Nature Reserve.

We loved planting our own seeds and waiting for them to germinate and grow. We have been observing them closely. We have been learning about different tea parties and look forward to having our own tea party to celebrate the end of Year 1!

English

In English we created some fantastic and informative posters about Tigers. We used headings, sub headings and questions to help structure our posters.

Our story sacks for Six Dinner Sid and The Tiger Who Came to Tea got all muddled up so we used

them to create our own new stories using the best parts from each of the well-known stories. We are creating our own mini books to share.

Maths

Our Maths has continued to be very practical. We have learnt how to tell the time using o'clock, half past, quarter past and quarter to. We have also been timing ourselves to see what we can complete in a minute. We loved

making potions during our work on volume and capacity and have been trying really hard with our Think and Solve tasks too. We have been persevering with our Number Bond Stories finding practical ways to practice counting in 2s, 5s and 10s.

RE and PSHE

In RE we have been learning about symbols in Buddhism. We have designed our own symbols to match our Highwood Values. See how many of the Highwood Values you can recognise and name! In PSHE we have been learning about ways to keep ourselves safe, including how to use medicines safely. The children were really sensible and were going to check at home that the medicines are kept in a safe place!

Check out our Twitter feeds at;

@HighWoodPrimISG (Mrs Schofield/Mrs Garner)

Year 2 News - Summer 2

Miss Amor, Mrs Weir,

Miss Rajput, Mrs Lawrance, Mrs Darekar, Miss Gunbie, Mrs Turnbull

What a year it has been! Whilst we are sad that the children are moving on to Year 3, we can't help but celebrate all the wonderful memories we have created together. We wish the children all the best for their new adventures in Year 3!

What could go in our Best British Banquet?

English

The children really connected well with the nonsense world of Wonderland for our last piece of writing. We got creative and changed the setting of the Mad Hatter's tea party to the Mad Hatter's Banquet, complete with snake sandwiches and flying cooked turkeys!

Whole Class Reading

To say that we have enjoyed reading Fantastic Mr Fox would be an understatement because we have been on the edge of our seats with each new chapter! We had many amazing discussions around the controversial topic of heroes and villains—one of our highlights was toasting the heroic Mr Fox for saving all of the animals!

Please keep up the wonderful reading over the Summer break using Get Epic!

We have set some summer reading so enjoy!

2A class code—kce8431

2W class code—cyl7887

Maths

We spent much of the term recapping concepts and challenging ourselves with higher-order questions. Now we love a 'Solve' question!

DT

We continued our 'growing' journey with a really informative and enjoyable trip to the Reading Road Allotments. Whilst we were amazed by the sheer size of the allotment area, we were

also so happy to learn about the good that they do through their Launchpad programme. To prepare for our Best British Banquet, we practised many skills such as peeling, grating and chopping.

Art

Inspired by Giuseppe Arcimboldo, we created masterpieces out of fruit and vegetables!

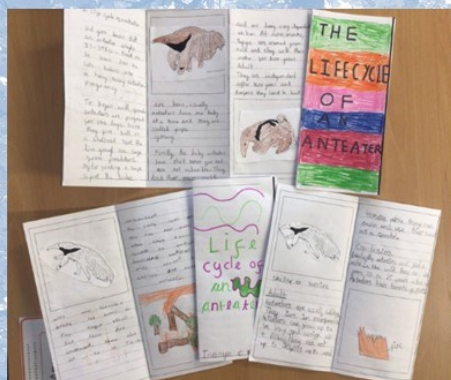

Year 3 News

Mrs Hartgrove, Miss Bicheno & Dr Read

Mrs Tindall, Mrs Garg, Mr Phillips & Mrs Rudroju

How can we help protect our planet?

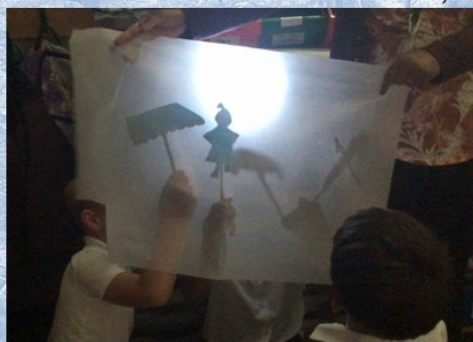

LITERACY

We tried very hard with our explanation texts on animals that are found in the rainforest and have written speeches to explain why we must protect rainforests and our planet against deforestation. In Whole Class Reading, we have been looking at the story of Rain Player. In the story, Pik has to defeat Chac, the god of rain, in the Mayan game 'Pok-a-Tok'.

MATHS

In maths, we spent several weeks looking at time. We learned about the difference between digital and analogue time, how to write times in both words and numbers, and about 24 hour time. We also worked on the duration of time before recapping work on number, calculations and fractions.

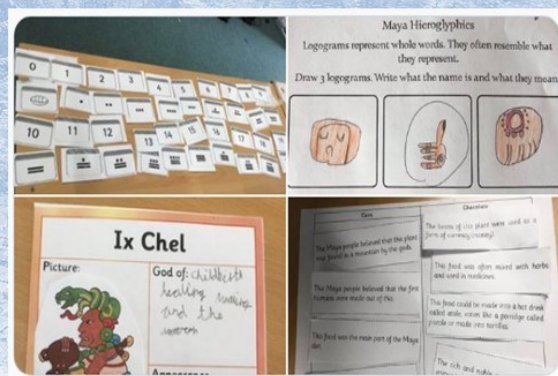

SCIENCE

In science, we have been looking at light and shadows. We investigated materials and then made our own shadow puppets. We've also been looking at plants and animals that enjoy the dark of the rainforest.

TOPIC

We have been excited to learn about the Mayans. We learnt about their Gods, what they ate, how they wrote and their number system. We compared their civilisation to our own and found there were lots of similarities. We had a lot of fun designing Mayan masks too!

Year 4 News

Mr Allaway, Miss Barrett, Miss Gibson Mrs Nielson and Miss Fulleylove

Welcome to this edition of the Year 4 news! As we welcomed everyone back through the school doors, we have already had lots of new and exciting learning opportunities this term. Please read on to find out about the fantastic learning the children have been doing!

How have our coasts made Britain great?

This term year 4 have continued their investigation into Britain's coasts and the features that define a coast. The children have also been exploring medieval castles and replicating their engineering.

Maths

Year 4 have been very busy in maths this term, covering topics ranging from reading the time to reading co-ordinates. We spent a large amount of time learning how to read analogue and digital clocks, in both the 12 and 24 hour format. We moved onto calculating durations of time and finished with problem solving.

The children have really enjoyed our topic on co-ordinates and have been very successful. They looked at reading and plotting co-ordinates in the first quadrant before moving onto creating polygons on a grid. The last thing year 4 looked at was how to translate co-ordinates and shapes on a grid using co-ordinates.

Writing

This term year 4 have been on a fantastical adventure, exploring fantasy realms, creatures and plot lines. We started off by creating our own dragons and writing rhyming poems about them. The children loved trying out different vocabulary to create rhyming couplets.

After poetry, the children moved onto writing fantasy narratives that involved terrifying monsters, resilient heroes and evil villains.

Our class reader this term has been Sir Gawain and the

Green Knight, which everyone thoroughly enjoyed.

Science

In science we have been looking at sound and how it is created. We explored different instruments and watched how the vibrations they made when played caused our scientific spaghetti to bounce all over the place. We then explored how to make different pitched sounds by adapting the types of vibrations.

Design and Technology

In DT this term we have been looking at castles and how drawbridges work. The children worked in pairs to design castles, which they decorated. They then used a pulley system to create a drawbridge that could be raised and lowered as needed.

Computing

The children learned all about the how packets of information were sent across the internet via switches and servers by running around the playground. We explored IP addresses and how they are used to send information to a specific user.

It has been an absolutely fantastic year and we wish everyone the best when they move up to year 5.

HighwoodPrim4a
HighwoodPrim4b

Year 5 News

Team: Miss Majer, Mr Ahmed, Mrs Haden and Miss Rogers

How do you build an empire?

Welcome to the Year 5 news! I am pleased to say that we've had lots of exciting opportunities and lots of new learning going on. Please read on to find out more!

How do you build an empire?

English

This term, we have been looking at persuasive writing, focusing on adverts. We started the unit by exploring a large range of persuasive texts, looking for the features, as well as thinking about the audience and purpose, before moving onto our warm and hot writes. To inspire some of our writing, we made our own magical wands and tried to sell them, before writing a job advert for the Zodiac Council, linked to our whole class reading book, 'Who Let the Gods Out.'

Maths

We have carried on our shape, space and measure units this term, focusing on 2D and 3D shapes, looking at how to tell the time, as well as moving on to look at different types of charts of graphs.

We found telling the time quite tricky at first, especially when converting from analogue to digital, but by the end of the unit we were all confidently telling the time and working out

time durations too.

Key Question Lessons

Our key question this term is 'How do you build an empire?' and our focus is on the Greeks and how they have influenced the modern world. Since last term, we have moved on from looking at where Greece is, and have started focusing more on the Ancient Greeks and what legacy they left behind. We've explored lots of different battles that the Greeks had, as well as looking at the impact key figures had - such as Alexander the Great (and why he was called great) - before looking at some of the key things the Greeks left us. We particularly enjoyed coding in computing, where we made our own Theseus and the Minotaur mazes to get Kubo the robot through, as well as making our own pottery.

Book Bingo

Finally, we've been having another book competition this term in class and have been completing book bingo, which has helped us to explore books or genres we might not have usually picked up. Lots of children have managed to get bingo several times, with a few even completing the grid!

It has been a super start to the year. We look forward to continuing this hard work after half term

Follow us on Twitter @HighwoodPrim5M

Year 6 News

Teachers: Mrs Raines, Miss Bocutt, Mrs Chaudhary, Mrs Anil and Mrs Nielsen

This term we have worked hard to answer the question: **'What is the secret to success?'**

English

In order to help us answer the question, 'What is the secret to success?' we have been learning about the lives of successful people. We read biographies of: Elvis, Katherine Johnson and Malala in order to find out about the personal qualities they had and how they had overcome any challenges they faced. It was amazing just how many of the Highwood learning behaviours these inspirational people used! We then researched the lives of people we felt were extraordinary, and wrote their biographies. Finally, we bravely presented these biographies to the class. It was great to be able to use our oracy skills to discuss what we had learnt.

During class reading lessons, we have continued with our book, 'A Wizard of Earthsea'.

Maths

We all sighed with relief when we eventually finished the Year 6 maths curriculum. Since then, we have been consolidating our maths knowledge to solve problems.

Topic

Over the last few weeks, our topic has focussed on DT, Science, Art and PSHE.

Science

We have continued to explore the question, 'What's the secret to a healthy body?' by looking at the effect of exercise on our body and mind, and what is needed for a healthy diet. As scientists, we carried out an experiment to find out the effect of different levels of exercise on our mood and levels of concentration. We were surprised to find out that even though our bodies felt exhausted after the 'beep test', we were more alert and had better levels of concentration. As biologists, we learnt about the 7 different nutrients needed to help us grow and stay healthy, and about the different proportions needed of each of these.

Design and Technology

Our design and technology lessons built upon our science learning. We compared different packed lunches before designing, preparing and eating a healthy packed lunch. The children were quite surprised just how tasty the food was, and

many of them loved the healthy option of wholemeal wraps.

PSHE

In preparation for moving on to secondary school we have been thinking about what it takes to be awesome! We have used Matthew Syed's book, 'You are Awesome', to explore the difference between a fixed mindset and a growth mindset, and how we need to try new things if we want to be the best versions of ourselves.

PE

We have used the learning behaviour of 'teamwork' in PE this term. They have enjoyed playing cricket with Mr Edwards and bench ball and rounders with Miss Bocutt.

Art

As textile artists, we experimented with different tie dye techniques before creating our own T-shirts. The bike sheds looked like a festival with all the multi-coloured clothes fluttering in the breeze!

Goodbye and Good Luck

We have thoroughly enjoyed teaching your children this year. They are full of life, full of questions and full of fun!! All the Year 6 team would like to wish the children all the very best for secondary school and beyond.

@HighwoodPrim6B @HighwoodPrim6R

The Orchard Speech and Language Resource News

Mr Bevan, Mrs Godfrey, Mrs Payne, Mrs Khan and Mrs Pithiya

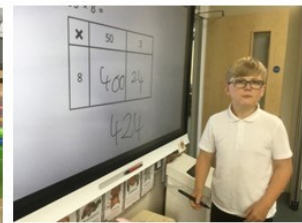

As the school year draws to a close it's always a time for reflection and celebration of achievements. I wanted to share how proud I am of all the children who have worked so hard over the last 3 terms, even when life has been particularly challenging. I'd like to thank you as families for your continued support, as well as recognising the hard work and dedication of the Resource team who work so hard to ensure the children make such good progress. I wish you all a really restful summer holiday and know that the children will continue to make great strides with their learning in the next academic year.

Literacy: The Tiger Who Came to Tea / Charlie and the Chocolate Factory

We have had a café and a chocolate shop in The orchard this half term! The chocolate factory group designed their own sweet advertisements and wrote to Mr Wonka to persuade him to make their tasty treats. The 'Tiger Who came to Tea' group wrote the story, then created menus, invitations and shopping lists for their very own café. Well done to the chefs and waiters.

Maths: measure, money and time

We started off by making the most of the good weather to do lots of measuring outside. The KS1 group also estimated and measured items in The Orchard rooms using cubes. Our café fitted nicely with recognising coins and finding change and we of course kept our calculation skills fresh with daily practice. Don't forget to count money, tell the time, add subtract, multiply and divide in daily life over the summer to be ready for September!

PE/Sports News

Sports coach: Mr Edwards

Welcome to the last "PE & Sports News Page" of the 2020/21 academic year and what a year it has been!

PE Lessons:

The classes have been concluding the suite of athletics events, which has included using our brand new sets of hurdles. These were a big hit with the children and we are very grateful to Reading Athletics Club for supporting the cost for these. We have finished the year learning cricket skills & playing full fun matches including "Non Stop Kwik Cricket" for KS1, "Diamond Cricket" for LKS2 and full Kwik Cricket in UKS2. Year 6 have completed their assessments pulling all of their learning into the last 12 weeks of their primary school life, teaching their peers various curriculum skills. Unfortunately due to the restrictions, they were unable to run KS1 Sports day which I am sure they would have been one of the most successful classes. FS2PS also had an extra session taking part in Dance with our teacher Miss Coleman.

"Strictly does Highwood Primary"

At the end of last term I mentioned that we would be running our dance ceremony here at school as the Woodley Sports Week had been cancelled. I tasked all of the classes to choreograph their own dance with their own chosen music. The theme was the NHS given the year that we have endured. All of the classes were amazing and the effort that the children and the staff put in was staggering.

Our winners, voted by their peers were 2A who's choice of music and the enthusiasm shown during their performance captured the attention of the rest of the school. Huge congratulations to Miss Amor and her class. 2 dancers that stood out for Miss Coleman & I were Jesse in year 6 and Ira in year 2, they were outstanding!

Matches & Tournaments:

Unfortunately due to the restrictions and logistics, we have been unable to take part in any inter school competitions as they have all been cancelled. We are really hoping that come September they will resume.

Highwood Primary 2021 Sports Days.

This year, sports day looked a little in doubt due to the restrictions and inability to merge bubbles. However, I decided that we would try it within the children's class bubbles and score points along the way. It was a scaled down version of what our regular day looks like but nonetheless, the children and staff had a great time. Both KS2 and KS1 had a carousel of activities plus every child being entered into a running race. After a whole weeks worth of events across KS2 and KS1 (14 sports days), only 5 points separated 1st & 2nd place, it just goes to prove that every child played their part and every last ounce of extra effort makes the difference. Our winners this year are the Falcons, so a huge congratulations goes to them. Once again I want to thank all of the staff, who had to help out replacing our usual Bulmershe and Year 6 helpers, without them, this years sports days couldn't have happened. Please visit the school website or PE Twitter for the "Sports Day Show-reel"

PE/Sports News 2

Sports coach: Mr Edwards

Falcons were the overall Sports Day winners

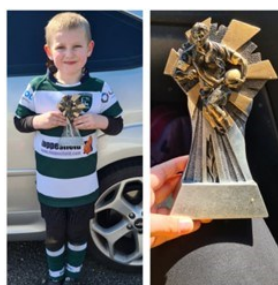

Sports Achievements out of school

Here are this half term's Highwood Sports stars showing us what they have been up to outside of school.

Joseph and his team won their Winter football league and were awarded a nice trophy.

Phoebe entered her 1st athletics competition with Reading Athletics Club and out of 44 athletes Phoebe came 3rd overall competing in 4 events 75m, 600m, Shot Putt and long Jump.

Robbie was awarded "Player of the week" by his team manager at his rugby club. Well done to all of our sporty pupils.

I hope you all a fabulous and sunny summer holidays.
Mr Edwards

Family Centre

Parent Support Advisor

Dear Parents/Carers,

We have come to the end of what has been an incredibly unusual year for us all. As ever, I have been amazed by the resilience of our pupils to manage all the changes. A huge thank you to them, and to you for supporting them all.

Summer can be a challenge with finding things to do, or finding places that can provide support and advice. Please find below the link to Wokingham Borough Council's Children and Families web page, this is the access page to all the services offering support to families in the Wokingham area;

<https://www.wokingham.gov.uk/children-and-families/>

This page can also be found by Googling 'Care and support for children and families Wokingham'.

For those families who may fall under the Reading catchment, here is their equivalent service;

<https://servicesguide.reading.gov.uk/kb5/reading/directory/family.page?familychannel=0>

This page can also be found by Googling 'Family Information Service Reading'.

With there hopefully being a more normal start to the new school year, I am hoping that we will be able to begin inviting parents and families into the Family Centre once again. The programme for the year should involve coffee mornings, stay and play and guest speakers from local charities and organisations, as well as information events around supporting behaviour, toileting, establishing helpful routines and healthy eating. Let me know if there are any subjects you would like covered, and we will try our best to add them to our plans!

However you plan to spend your summer break, I hope it is a happy one. I am looking forward to seeing you all in September!

Lucy

Reminders

Summer Reading challenge

The Wokingham Libraries Summer Reading Challenge, Wild World Heroes, started last weekend and runs through to 29th August. To take part, visit your local library to collect your starter pack, set your reading goal and get reading! The Challenge website (wildworldheroes.org.uk) has lots of information to help find books to read as well as games, activities and author and illustrator videos to watch - plenty to keep everyone busy all summer long!

School dinner price change

The price of school dinners increases to £2.15 from September.

School uniform

Please use SCOPAY to pre-order and pay for school uniform.

The uniform will then be sent to your child's class or can be collected from the School office.

ABSENCE

Please contact the school office by 9.30am if your child is absent stating the reason for the absence. This can be done via ParentMail or by phone on 0118 9265493.

If your child is going to be late and requires a hot dinner this must be booked by 9.30am.

All requests for leave of absence must be made on the absence form available from the school office. Routine appointments should be made outside of school time.

Please see the latest Attendance Policy on the school website regarding Penalty Notices.

EARRINGS

Please note that our school policy is for earrings to be removed for PE, for the health and safety of the children.

It is recommended that ear piercing is only done in the first week of the summer holidays to allow the time for them to settle.

Please ensure that your child has practised taking them out as well.

Only stud earrings are allowed in school.

Diary Dates

Date and Time	Activity
Wed 1st September 2021	Inset Day
Thurs 2nd - Fri 3rd September 2021	Foundation closed for home phone calls & transition visits
Monday 6th September 2021	F1 /Nursery children return
