Rivermead Primary School conversion to academy: Local Consultation

Dear Colleague,

I am writing to you today to make you aware that, with the Department of Education and Rivermead Primary School governors' approval, we are currently in the process of working towards academy conversion to join [Bellevue Place Education Trust](#) (BPET).

BPET are a multi-academy trust with a track record of effective improvements of primary schools - both logistically and educationally - and they currently support nine schools across London and Berkshire.

As part of this process we are duty bound to make all stakeholders* aware of this, and offer them the chance to respond with comments to the question *Should Rivermead Primary School convert to an academy?*

If you would like to find out more, do [visit our website](#) where we have a tab specifically created to provide more information about this.

We welcome all feedback to the question *Should Rivermead Primary School convert to an academy?* via email at admin@rivermead.wokingham.sch.uk. Please write "Rivermead Academy Conversion" in the subject line.

The consultation will close on **Monday 12 December 2022**. After this date, we will collate the feedback and compile a report.

Thank you in advance for your time.

Yours faithfully,

Mr Brian Prebble, Headteacher

*Stakeholders include staff, parents or carers of current pupils, other local education settings – nurseries, pre-schools, primary schools in the local catchment – up to 1.5km.
