Values (Best Seat in the House – chosen by children)

(The things we truly believe in for everyone involved with Highwood)

- Celebrating Diversity
- Continual Improvement
- Pride
- Happiness
- Trust
- Respect

Highwood VIPs (Values In Practice)

For your child to be a Highwood VIP they need to regularly show:

Happiness

Respect

Continual improvement

Cultural diversity

Trust

Pride

- The children will have the opportunity to self-assess against the criteria with support from their teacher.
- Children will be taught how to demonstrate these values during our PSHE lessons.
- New rolling programme, rather than termly. For example, if a child was awarded a Silver badge at the end of summer, they can work towards Gold this term.
- Children will retain their Gold badge when they have achieved it unless they no longer meet the criteria.
- Children not yet meeting the criteria will be supported to work towards those targets during the following term.

enforcement and the void we like it and always alks well conditioned quantitions, trooks understands that there are similarities and differences between Financial and other and among families, communities and traditions. She confidency asks why things lappean or asks for further cliniforation, especially when studies markenessful concepts. Brooks has a love of marks and this can been seen in the way she approaches tasks, 5 he appecially elegis solving number professes and unique gleichousen times can finance be found in the marks are aquety working through mathematical concepts, these include solving adding, substracting, doubling and halving questions and number sentences.

broke ha is firstatic persevana. The tackles of as new concept with the same determination and had work. She never weare on the conviction that she can complete the task. She has worked exceptionally hard the year in all areas of the curriculum but sepacially in mathematics. At the beginning of the year har needs and amounts of reassurance about whether she was following the mathematical steps correctly. As her confidence has grown that a ball be voint virtually complex mathematical involve problems and officials the reasoning afterwards, the eighty working with the furniscent and always turn for but reasoning afterwards, the eighty working with the furniscent and always turn for but reasoning afterwards.

Sook is very losseporders. During learning zone the loves independently reading in the book corner or writing in the writing era is behalt sovided extensively hard in prioris is able to independently apply her plonic knowledge to the reading and writing, through sortly writing her one totalers and settlemest and lies to challenge hereaf by reading stelly book. She shows great independence in knowing winter all the resources are that hardwriting is challenge. Every go give event independently color to practice her letter formation until she remembered how to write each letter, how she confidently forms were letter in the allowable and to writing out with our writing and that they make confidently forms were letter in the allowable and to writing each letter who are confidently forms were letter in the allowable and to writing each letter with more corror.

Exode is an excellent team player, the has a lovely friending group who always sorts together during learning row. Like all finding they sometime depression on their problems. The will all be the finding and they have an element to discuss the will all to the Finding about what option they have and will contribute to discuss the will be the Finding and the source of the source of the source of the will be they form the discuss and listens carefully to other popular lists. Although the listens to their clears and listens carefully to other popular lists. Although the listens to their clears does one always take their clears to horse and build on them, for example when throoks and her partner were set the last to build a printer list, but ask of other and listens and them set off playing their resource and ediplicant they are set of their clears and the set off playing their pole or resource and ediplicant they to combine their clear into one.

Evoice enjoy being creative. She uses a variety of different media including construction materials, paint, pencils, jurk modelling, jurk oppositing, jurk oppositing, and omiscal instruments to create pieces of art work. However her clear strength is her imagination and role play. During learning coars he lowes to act on the reworks traditional lease with her friends. These include Little Red Bidling mood, The Three Little Pigs and The diliger Bread Mans. She states turn to act out offineer roles. He longings her voice and use her body to portary the character and performs the stories to her peers and the adults in the setting. It is a jay to work had had been hermiglishton continues to grow!

Brooks has worked hard to develop her reflective billio. The works really hard completing the test her has been sero for that he sets her self and finds it hard to look at the work subjectively afterworks. With solds support and questioning the is able to think about what he has loom well and what her bound do better near fine.
