

Dear Parents and Carers,

We would like to update you with the upcoming highway works as part of the Woodley–Reading Active Travel Route scheme, which will take place in phases along Woodlands Avenue and surrounding roads.

These works will involve temporary road closures and signed diversions, which may affect school journeys at different points between January and July. Full, up-to-date information (including any changes) is available on the Wokingham Borough Council website:

<https://www.wokingham.gov.uk/parking-and-transport/cycle-infrastructure/woodley-reading-active-travel-route>

Planned road closure dates and diversions

- **Section 1 – from 26 January**
[Lytham Road to Roslyn Road](#)

[Fairwater Drive including Howth Drive to The Bulmershe School entrance](#)
Diversion via Church Road, Pitts Lane, Reading Road, Howth Drive
Access to Woodlands Avenue via Crockhamwell Road, Nightingale Road

School safety and planning

Mr. Hickey, alongside Addington School and The Bulmershe School, has met directly with the project team to ensure that children's safety is a key consideration throughout the works. Wherever possible, the periods of greatest disruption have been planned to align with school holidays.

Please note that this may result in some date changes, so it is important that parents regularly check the council webpage linked above for the latest information, particularly due to the number of closures and diversions involved.

Thank you for your understanding and continued support.
