

Highwood Primary School

Welcome to Highwood Primary School and Nursery

At Highwood, we take pride in promoting academic and sporting excellence while also placing a huge emphasis on teaching children the skills they need to become effective learners. The learning behaviours of Perseverance, **Teamwork, Curiosity, Creativity, Reflection and Independence** are at the core of everything we do. We strongly believe that if our children continually develop these skills alongside making academic progress, then we will have been successful in preparing them for our ever-changing world.

We celebrate the diversity of cultures within our school community and welcome the opportunity to develop our children as positive citizens within society. This is where our motto of "Where Individuals Matter" becomes a living statement, as we truly believe that we have a school ethos of making sure every child is happy; every child makes progress and every child develops the ability to achieve their own ambitions.

Highwood prides itself on our inclusive nature. This is epitomised through the exceptional work undertaken in our Speech and Language Resource Unit for children from all over Wokingham with

Developmental Language Disorder. Our Resource is integrated into our mainstream school and the children who access it benefit from specialist teaching for their particular needs, as well as experiencing all the opportunities that Highwood children are offered.

This information pack will hopefully give you an insight into the school. If there is further information you require, then we would highly recommend a visit to see the school in action. If you wish to visit, please contact the school office to arrange a tour with myself or a member of our senior staff.
